In the claims:

- 1.1 In claim 9, line 10, after "operational status", prior to "; and", insert – , ***wherein the controller changes a frequency at which the sensor measures the electrical operating characteristics of the luminaire if a problem is detected with the luminaire***".
- 1.2 In claim 21, line 10, delete "operational characteristic; " and insert – ***operational characteristic, wherein the frequency at which the sensing means measures the electrical operating characteristics of the luminaire is increased when the control means determines that the luminaire is operating at less than a predetermined efficiency; "***.
- 1.3 In claim 35, line 15, after "each luminaire", prior to "; and", insert – , ***wherein the frequency at which the sensing unit measures the electrical operating***

characteristics of the luminaire is increased when the control unit determines that the luminaire is operating at less than a predetermined efficiency”.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Reasons for Allowance

7. The following is an examiner's statement of reasons for allowance:

A monitoring system for a luminaire(s), comprising a sensing unit attached to the luminaire(s) capable of measuring electrical characteristics including current and voltage values at each of the inputs and outputs to (each of) the luminaire(s), a control unit to receive the result of measurements that indicate information on the present status of the luminaire(s) and is thus capable of providing more detailed information about the cause of a failure than just monitoring the operating status, **wherein the control unit changes the frequency at which the sensor unit measures the**

electrical operating characteristics of the luminaire if a problem with the luminaire is detected, and a monitor coupled to the control unit to display the operating status of the luminaire(s), is neither anticipated nor rendered obvious by any prior art.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
